CHHAVI SRIVASTAVA

MCA Student | Aspiring Full-Stack Developer
Phone: 6394727368 | Email: chhavisrivastava39@gmail.com
Kerakat, Jaunpur, Uttar Pradesh

PROFESSIONAL SUMMARY

MCA student with a foundation in programming, web technologies, and database concepts. Gained practical exposure to website design and development through an internship at InAmigos Foundation and academic work on a Campus Management System using the .NET Framework. Eager to strengthen development skills, contribute to real-world projects, and continue learning modern web technologies.

TECHNICAL SKILLS

Programming: C, C++, Java, Python, C#
Web Technologies: HTML5, CSS3, Bootstrap5
Database: SQL
Tools: Visual Studio Code, Figma, Framer AI, Git, GitHub, Vercel
Data Structures & Algorithms: Currently learning

INTERNSHIP EXPERIENCE

Web Developer Intern | InAmigos Foundation
• Worked on website development and design tasks using HTML and CSS.
• Designed NGO website features using Figma.
• Created and refined website layouts using Framer AI.
• Built practical skills in web design, task management, and professional presentation.

ACADEMIC PROJECT

Campus Management System | .NET Framework
• Developed a web-based application using the .NET Framework.
• Designed the frontend using HTML, CSS, and Bootstrap.
• Implemented backend logic using C#.
• Included student record management, course handling, and user-interface features.

ArkMaester | AI-Powered Student Productivity Platform
• AI-powered student productivity platform for study planning, focus, and productivity.
• Includes AI-driven study planning and focus tools; deployed on Vercel.
• Live Demo: arkmaester.vercel.app

EDUCATION

Qualification	Institution / Board	Year	Result
Master of Computer Applications (MCA)	School of Management Science, Varanasi	2027 (Expected)	—
Bachelor of Science (BSc)	Veer Bahadur Singh Purvanchal University, Jaunpur	2025	76.57%
Intermediate	CBSE	2021	83.8%
High School	CBSE	2019	74.6%

WORKSHOPS & CERTIFICATIONS

• Completed a .NET Framework Development Workshop, covering frontend basics (HTML, CSS, Bootstrap) and backend development with C#.
• Participated in the “Formind” workshop on Focus, Mindset, Resilience & Mental Strength.

STRENGTHS & ACTIVITIES

• Adaptability, willingness to learn, teamwork, communication, leadership, and problem-solving.
• Self-learning through online platforms and coding practice as part of coursework.
• Interests: Playing badminton and learning from other people’s experiences.
